Chairman's Remarks

Please join our February joint ASQ/APIIC meeting on a very important topic, which directly impact Product Quality; if not properly managed. Often, Tariffs can force companies to move operations.

About Our Meeting

The mainstream press was adamant that President Trump's use of tariffs was going to hurt the United States economy, reduce our friendships around the world and possibly start World War III with China. To provide some background on tariffs, in general, and why countries use tariffs to regulate imports and thus exports.

Jim will provide background on what tariffs are, a brief history, as well as specific information concerning President Trump's current use of the "Trump Tariffs". From there, current actual outcomes and how they are impacting Supply Chain Management and where do we go from here

About Our Speaker

Jim Timmons, MBA, CPIM, CSCP, CLTD (President, Jim Timmons Consulting)

Jim has spent over 35 years in industry involved in Materials, Supply Chain and Operations Management. That includes in military, aerospace, textile, printing and medical device manufacturing industries. He has held the positions of Inventory Control, Materials, Manufacturing Manager, VP of Operations, Supply Chain Manager and Supply Chain Director. Jim is now spending his time providing professional education in Production & Inventory Management, Supply Chain Management and Lean Operations as an APICS CPIM certification preparation instructor as well as adjunct professor at the University of New Haven

Jim has been an APICS member, for over 30 years and active in the New Haven Chapter Board of Directors for 8 years as Treasurer, President and President again after spending three years working in Victor, NY and moving back to CT.

He holds a BS in Economics and MBA from Southern Connecticut State University. Jim is also APICS certified in: CPIM (Certified Production and Inventory Manager), CSCP (Certified Supply Chain Professional), and CLTD (Certified in Logistics, Transportation and Distribution).

Programs

Meetings are usually on the second Wednesday of each month.

Certification

Certification prep courses run in the fall, winter, and spring. For details on certification, see www.asq.org/certification/ to confirm dates and register for the certification exams.

In Memorandum

Charles George Weiss died peacefully in his home on June 8, 2019 in Milford, CT, after a short illness. He was 86. Mr. Weiss was born in Brooklyn, NY, to Charles and Katharine (Ott) Weiss. He received his Bachelor's degree from Brooklyn College in 1953. He received his Master's degree in Electrical Engineering from Rensselaer Polytechnic Institute (Troy, NY) in 1958. Mr. Weiss served in the U.S. Army at Aberdeen, MD, from 1954-1956. He married Cynthia Bruchac in 1956. Mr. Weiss's career in quality control engineering spanned 60 years, and he continued to work part-time until last year. The Weisses also lived in Ohio, New Jersey and Connecticut. Born to Swiss immigrant parents, Mr. Weiss was proudest of his education, and successful career, that he married his dearly loved wife, and raised 7 children with her. Mr. Weiss is survived by his sons and daughters-in-law Randall and Amy Weiss, and Christopher and Nina Weiss; daughters and sons-in-law, Paula and Bruce Gallay; Susanna and Merrill Sammis; and Linda and Michael Jordan; his sister Mrs. Janet Hulme of Herndon, VA; 14 grandchildren and 6 nieces and nephews. He was preceded in death by his beloved wife Cynthia, his son Kevin Charles Weiss, and his daughter Kimberly Weiss Rotondi. Mr. Weiss will be honored by family in a private interment and memorial. His remains will be interred at King's Highway Cemetery, Milford, CT in the same plot as his late wife and his late son. In lieu of flowers, please donate to the Bridgeport Rescue Mission, Bridgeport, CT.
