RSVP by June 18th to tomane723@aol.com

Its time again to Wind-up another year with a presentation of our annual scholarship award to a deserving young person and to just chill out and reflect on the past year. A classic Blue Goose meal (how about those choices) will complete the evening.

About Our Scholarship

The Scholarship Committee is pleased to announce that the winner of the 2019 Southern CT ASQ Scholarship is John D. DeRosa. His father is Ronald J. DeRosa, Quality Assurance Manager at MacDermid Electronics in West Haven.

While maintaining Honors or High Honors at Shelton High School, John has run cross country and track. To quote from his essay: "I am passionate about studying history in college and becoming a history teacher because I would like to help others enjoy this subject as much as I do."

Come congratulate John and hear more about his achievements and future plans at the June 19th meeting.

Scholarship Committee Chair

Chairman's Remarks

I'd like to encourage ASQ 0301 Section members to attend the June section meeting. We will honor the recipient of our scholarship for 2019! We will take the months of July and August off, before starting back up in September. We are still looking for speakers and topics for our monthly section meetings. I have secured a speaker for the September meeting and it will be an interesting topic for all "Software and Product Development". One of our own members will be the speaker.

I am still working with the Danbury section on a Joint meeting, hopefully at Danbury Hospital on the topic of "Quality in Services". Before the September Newsletter, we will fill out the balance of the year.

My thanks to each of the volunteers within the leadership of the section, as they are the keys to the operation of the local 301 section.

Thank you very much for your Help

Charles (Chuck) Weiss

We are saddened to announce, a long time influential member of the ASQ 0301 section Charles (Chuck) Weiss, has recently passed away. Chuck spent several decades contributing to our section and to Quality in general across many industries. He will be significantly missed by all who knew him and were touched by his life.
